CENSUS 101: WHAT YOU NEED TO KNOW

The 2020 Census is closer than you think!
Here's a quick refresher of what it is and why it's essential that everyone is counted.

Everyone counts.

The census counts every person living in the U.S. once, only once, and in the right place.

It's about fair representation.

Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.

It's in the constitution.

The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.

It's about \$675 billion.

The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data.

That money is spent on schools, hospitals, roads, public works and other vital programs.

It's about redistricting.

After each decade's census, state officials redraw the boundaries of the congressional and state legislative districts in their states to account for population shifts.

Taking part is your civic duty.

Completing the census is mandatory: it's a way to participate in our democracy and say "I COUNT!"

Census data are being used all around you.

Residents use the census to support community initiatives involving legislation, quality-of-life and consumer advocacy.

Businesses use census data to decide where to build factories, offices and stores, which create jobs.

Local governments use the census for public safety and emergency preparedness.

Real estate developers use the census to build new homes and revitalize old neighborhoods.

Your privacy is protected.

It's against the law for the Census Bureau to publicly release your responses in any way that could identify you or your household.

By law, the Census Bureau cannot share your answers with any other government agency.

2020 will be easier than ever.

In 2020, you will be able to respond to the census online.

You can help.

You are the expert—we need your ideas on the best way to make sure everyone in your community gets counted.

2020 Census Basics

The goal of the 2020 Census is to count everyone once, only once, and in the right place. The Census Bureau will continue to improve its use of mobile technology, geospatial innovations, and internet self-response.

It's Important. It's Easy. It's Safe.

What is the census?

- ❖ The census is a count of all persons living in the United States that is conducted every ten years by the federal government and is required by the U.S. Constitution.
- ❖ It is used to determine the number of seats each state has in the House of Representatives, how federal and state legislative districts are redrawn, and the appropriation of federally funded programs.

When is the 2020 Census?

- ❖ **Census Day is April 1, 2020.** Data collection will begin in March 2020 and continue through August 2020.
- ❖ Households will receive a postcard with instructions for completing the census beginning in March 2020. *The Census will NOT call or email you.*

How can people respond to the census?

The Census Bureau will offer the census form in four ways:

 Online, using the internet or a smartphone,

 Over the telephone, by calling the Census call center listed on the Census postcard,

 Using a paper form, or

 By responding to a Census enumerator.

Census forms are available in 13 languages and language guides (video and print) available in 59 non-English languages as well as American Sign Language, braille, and large print.

Who should respond?

- ❖ **EVERYONE!** Census postcards will be sent to all households in the U.S. to collect information about every person living in the household.
- ❖ The Census Bureau is conducting special counts for people living in group quarters (college dormitories, prisons, nursing facilities) or who are unsheltered.

What questions will be asked?

~~Eleven~~ Ten questions, approximately 10 minutes per person

- Name
- Relationship to householder
- Phone number
- Household tenure (own/rent)
- Age
- Number of people in household
- Sex
- Usual place of residence
- Race
- ~~Citizenship~~
- Hispanic origin

Do people have to answer all census questions?

While the law requires persons to answer all census questions accurately, an incomplete census form will still be included in the head count.

Are census responses confidential?

- ❖ All data are protected under Title 13 of the U.S. Code. Records are confidential for 72 years by law. All Census Bureau employees swear a lifetime oath to protect respondent information. The penalty for wrongful disclosure is up to 5 years imprisonment and/or a fine of \$250,000.
- ❖ The Census Bureau will never share a respondent's personal information with other government agencies.
- ❖ Data are only released in summary tables, no individual records are released.

Did you know...

Census counts are used in distributing over \$6 billion in federal funds EVERY year in Kansas. This translates to \$2,082 per person per year.

These dollars help fund:

- ❖ Education
- ❖ School Lunch programs
- ❖ Head Start programs
- ❖ Women, Infants, and Children (WIC)
- ❖ State Children's Health Insurance Program
- ❖ Supplemental Nutrition Assistance Program (SNAP)
- ❖ Temporary Assistance for Needy Families (TANF)
- ❖ Transportation
- ❖ Community Development Block Grants (CDBG)

KANSAS

In FY2016, Kansas received

\$6,054,507,586

through 55 federal spending programs
guided by data derived from the 2010 Census.

The **Counting for Dollars 2020 Project** aims to understand 1) the extent to which the federal government will rely on data from the 2020 Census to guide the distribution of federal funding to states, localities, and households across the nation and 2) the impact of the accuracy of the 2020 Census on the fair, equitable distribution of these funds.

The project has analyzed spending by state for 55 federal programs (\$883,094,826,042 in FY2016). Three types of programs are analyzed:

- **Domestic financial assistance programs** provide financial assistance – including direct payments to individuals, grants, loans, and loan guarantees – to non-federal entities within the U.S. – such as individuals and families, state and local governments, companies, and nonprofits – in order to fulfill a public purpose.
- **Tax credit programs** allow a special exclusion, exemption, or deduction from gross income or provide a special credit, a preferential rate of tax, or a deferral of tax liability.
- **Procurement programs** award a portion of Federal prime contract dollars to small businesses located in areas selected on the basis of census-derived data.

The four uses of census-derived datasets to geographically allocate funding are:

- **Define eligibility criteria** – that is, identify which organizations or individuals can receive funds.
- **Compute formulas** that geographically allocate funds to eligible recipients.
- **Rank project applications** based on priorities (e.g., smaller towns, poorer neighborhoods).
- **Set interest rates** for federal loan programs.

The two categories of census-derived datasets are:

- **Geographic classifications** – the characterization (e.g., rural), delineation (e.g., Metropolitan Areas), or designation (e.g., Opportunity Zones) of specific geographic areas.
- **Variable datasets**
 - **Annual updates** of population and housing variables collected in the Decennial Census.
 - **Household surveys** collecting new data elements (e.g., income, occupation) by using the Decennial Census to design representative samples and interpret results.

One-Stop Advisory Council (OSAC)
Meeting Minutes
June 6, 2019**

1. Welcome and Introductions (11:34 am)

Tisha Cannizzo welcomed attendees, asked for self-introductions, and called the meeting to order.

2. American Indian Council presentation (11:35)

Nicole Castellanos presented information about the services offered by the American Indian Council including supplemental training funds; supportive services including training expenses (clothing, tools, etc.), bus passes, and eye glasses. Incentives for grades and training completion is also available. Participants must be members of a federally recognized tribe and either job seeking or newly employed (within the first 60 days of hire). Castellanos covers a 22 county area in Kansas and is able to travel to meet prospective participants on an appointment basis.

Note: item 3 was blank on the agenda.

4. WIOA Implementation (12:01 pm)

- a. Chad Pettera provided reports on the current fiscal year for the partners to review. It was noted that a job fair credit was missing from Butler Community College's cost sharing total; additionally, Pettera will schedule a meeting with Chris Stanyer of Goodwill/NexStep Alliance to discuss their cost sharing. Moving forward, if outstanding balances exist, organizations will be invoiced.
- b. Cannizzo reiterated the importance of the reporting documents in calculating cost sharing. Partners indicated they are having an increase in reporting expectations within their organizations and the OSAC reporting is falling through the cracks and/or they have no way to document the number of referrals sent in their current tracking systems. It was determined that monthly reminders to complete the form would continue, however the partners could determine at what intervals they reported (monthly or quarterly). Cannizzo will hold the partners accountable and create a composite report of the information provided.

5. Program Quick Reference Guide (12:20 pm)

Partners were provided with a copy of the Program Quick Reference Guide used internally at the Workforce Centers to help staff make decisions about referrals. Janet Sutton provided background information on reading the form and answered questions from partners about several of the programs and the requirements for referral. Partners are welcome to use the document as a guide when they are making direct program referrals.

6. WorkKeys Co-branding (12:39 pm)

Erica Ramos presented the new WorkKeys Certificate model that includes the State of Kansas Seal, the electronic signature of Governor Kelly and the ACT WorkKeys logo. Ramos indicated that she reached out to the ABE partners to offer to liaise with ACT to help them obtain co-branded certificates as well. She asked that those partners respond to the email if interested.

7. AJLA Visit (12:44 pm)

America’s Job Link Alliance, the organization that runs the **KANSASWORKS** website, will be visiting the WFC to observe how various staff use the site. They are changing the platform to include “personas” for a variety of user types (Workforce Professionals, Business Service Representatives, etc.). AJLA oversees not just Kansas’ website but several others, so it is a large undertaking.

8. Providing Services to Rural Communities (12:47 pm)

This item was tabled due to time restraints.

9. Conflict of Interest Statement (12:48 pm)

As discussed at previous meetings, a Conflict of Interest form is required for all committees of the LWDB. The forms were distributed and the partners signed and returned them.

10. Advisory Council Partner Updates (12:48 pm)

Partners were invited to provide updates on projects or needs in their organizations:

- Department of Commerce
 - Working more closely with SER to set up a better referral process from WFC to SER. Additionally, Carolyn Benitez or one of her staff will be presenting to the Wichita Workforce Career Center staff in the next few weeks.
- Department for Children and Families
 - Added 3 new staff members
- Goodwill/NexStep Alliance
 - Cajun Food Fest, a fundraiser for Goodwill Industries is happening this evening at RiverFest.
 - SB199 (AOK to Work) passed and will go into effect in January. Legislators are hammering out details about the High School Equivalency requirements.
- SER
 - Ending the program year with just \$300 in training budget: have served many clients.
- Workforce Alliance
 - Pettera requested feedback regarding Language Line translation phone number. Benitez suggested reaching out to Deb Shively in Area 1 as she knows they use the service. Erin shared the service DCF uses for translation (distributed through an email).
- Vocational Rehabilitation
 - Hired 1 new counselor, but still has open positions.

11. Consent Agenda (1:04 pm)

Minutes from the April 4th One Stop Advisory Council meeting were presented for review. No changes were requested.

Carolyn Benitez (Chris Stanyer) moved to approve the consent agenda as presented. Motion adopted.

12. Announcements

The next OSAC meeting is scheduled for Thursday, August 1st at the Wichita Workforce Center.
