

EMPLOYER SERVICES

at the Workforce Center

No cost solutions for your workforce development needs

*We are truly grateful for the team at The Workforce Centers of South Central Kansas. They have walked alongside our company to help offset some of the costs associated with on-the-job training through the One Workforce Grant. This partnership allows us to continue developing local talent right here in our community. I highly recommend connecting with the staff at the Workforce Center to learn how they can partner with your company — **it's a win-win for both businesses and the community.***
